From Fukuoka Airport

Route A: By train + bus
1. Fukuoka Airport to JR Kurume Sta. (60 min by subway and train)
2. JR Kurume Sta. to Kurume College (12 min by bus)

Route B: By highway bus + bus
1. Fukuoka Airport to Nishitetsu Kurume Sta. (45 min by highway bus)
2. Nishitetsu Kurume Sta. to Kurume College (20 min by bus)
1 College Introduction

Founded in 1939 as "Kurume Technical High School", our school has evolved greatly over time. From 1949 through 1955, the school was absorbed as a satellite campus for Kyushu University's Liberal Arts Department, as well as its Production Research Center. In 1958, it became "Kurume Technical College" with the Machinery and Industrial Chemical Departments established that same year. Two years later, the Electrical Engineering Department was established.

In 1961, with the revision of the School Education Law and in response to the strong demand for practical engineers during the rapid economic growth taking place in Japan, the KOSEN wave of 12 Kosen schools, all incorporated in 1964.

Now called the "National Institute of Technology Kurume College (NITKC)", our campus, with its five departments and satellite campus for Kyushu University's Liberal Arts Department, as well as its Production Research Center.

Now called the "National Institute of Technology Kurume College (NITKC)", our campus, with its five departments and satellite campus for Kyushu University's Liberal Arts Department, as well as its Production Research Center.

2 Philosophy of Education

We raise engineers with a spirit of independence, creativity, a broad vision and humanity, who are ready to contribute to society.

3 Departments and Subjects

- **Department of Materials System Engineering**
  - Materials strength
  - Mechanical dynamics
  - Drafting and design
  - Production and processing

- **Department of Mechanical Engineering**
  - Electronics
  - Information and communications technology
  - Electrical energy
  - Power electronics

- **Department of Electrical and Electronic Engineering**
  - Mechatronics
  - Computer control
  - Information engineering
  - Communication network

- **Department of Control and Information Systems Engineering**
  - Control technology
  - Information processing
  - Physical properties of materials, polymer
  - Metallic material

4 Sample After-Graduation Paths (2017)

- **Department of Mechanical Engineering**
  - Mechanical Engineering
  - Electrical and Electronic Engineering
  - Mechatronics

- **Department of Electrical and Electronic Engineering**
  - Mechatronics
  - Computer control
  - Information engineering
  - Communication network

- **Department of Control and Information Systems Engineering**
  - Control technology
  - Information processing
  - Physical properties of materials, polymer
  - Metallic material

5 International Programs and Students

**International Exchange Students' Post-NFCTK Paths**

- Graduate's Career Path
  - Return to home country
  - Higher education
  - Professional career

- Company (manufacturing)
  - Aichi Tec Corporation
  - Jitsu Mikke Machinery Co., Ltd.
  - Nakata PRECISION MOLDING SDN. BHD.

- Higher education
  - Kyushu University
  - Seaga University
  - Sanya University
  - Toyohashi University of Technology

Survey sample: 17 graduates in 2012-2017
